

# KEVA PLANKS

Kit Barcode: 33357004878656

Every piece is exactly the same. You build structures by simply stacking the planks. No glue, no connectors!

Keva Planks are for all ages! From preschoolers to architects, each person builds at his own skill level.

Blocks are educational? Yes! Verbal skills and communication are enhanced as children construct projects together. Early exploration with simple blocks builds a subconscious understanding of mathematics and physics. Children learn balance, equality even geometry as they play!

Here's what's included in the Keva Planks Kit!

Kit replacement cost - \$30 + \$5 processing fee  
7 DAY LOAN and \$1.00/day overdue fee

(1) Guide Book

(5) Challenge Cards
